Dear Ray & Kristin,

I just wanted to thank Layne and the VSI moving crew for doing such a great job on the Lakeville Community Education move last week. They were such a nice crew- so efficient, hardworking and kept everything moving along so smoothly. They were very flexible with all the things that were thrown at them and I was amazed at how they all worked so well together. There was so much to move to different locations and I feel like it went very well. I appreciate the effort! Please pass along my thanks to them.

Sincerely,

Lisa Wright

Community Education Administrative Assistant
