We had been looking for a construction company for several months, but the few ones I got in touch with never seemed able to meet our goal. Finally, when I discovered VSI Construction, Inc. through a mutual friend, it appeared likely that such a passionate and professional company as VSI Construction, Inc. would be the partner we had been looking for — which became obvious as soon as we started working together. After reviewing our requirements, they sent us a few proposals and, taking great care, created numerous modifications. Most importantly, each modification introduced that special detail that makes all the difference. Needless to say, we are extremely satisfied with the results. Thanks, VSI!

Sincerely,

Dr. Huy Nguyen
